Important: Work-in-Progress / IJCVSP / IWCVA?

- If your paper is in one of the above categories [not for IEEE Xplore] – then you do not need to add IEEE Copyright Form, and no footer of IEEE.

- But add: "WIP: " or "IJCVSP: " at the beginning of the TITLE. Add Header at the top of page 1 only: "2021 Joint 10th International Conference on Informatics, Electronics & Vision (ICIEV) and
2021 5th International Conference on Imaging, Vision & Pattern Recognition (icIVPR)"

- Do not add page numbering.

- We will NOT publish your paper [only Abstract will be added in a PDF as proceedings]. We will share your final paper to all participants as PDF privately. If you do NOT want to share your paper, let us know. Selected papers will be invited for IJCVSP or book chapter.

- All papers will get Oral Presentation. Final time-details will be added in the final program before the conference.

Best WIP Paper/Presentation(s) will be awarded.

The appropriate copyright clearance code notice is to appear on the bottom of the first page of each paper according to the guidelines set forth in the Cataloging/Copyright Instructions for an IEEE Conference Proceeding. Detailed instructions can be found at: /publications/rights/index.html

- For papers in which all authors are employed by the US government, the copyright notice is: U.S. Government work not protected by U.S. copyright

- For papers in which all authors are employed by a Crown government (UK, Canada, and Australia), the copyright notice is: 978-1-6654-4923-6/21/$31.00 ©2021 Crown

- For papers in which all authors are employed by the European Union, the copyright notice is: 978-1-6654-4923-6/21/$31.00 ©2021 European Union

Do not add any page numbers in the paper

- No page numbering

- MUST add the following Header at the 1st page [only] of the PDF:

  2021 Joint 10th International Conference on Informatics, Electronics & Vision (ICIEV) and

  2021 5th International Conference on Imaging, Vision & Pattern Recognition (icIVPR)

- Please make sure that you added all authors and affiliations properly in the final submission.

- MUST add 'Contribution– ' after the Abstract [as part of the Abstract and as the last sentence] and before Index Term / Keyword as a short 1 sentence about the core contribution of your work [not which author did what].

- Remove all RED colors and rebuttals that you added in the revised submission. Check VERY carefully about the Quality of Images, Tables, Typo / spelling mistakes, grammatical issues, formatting.

- Make sure that all references are according to the IEEE Template.

- Avoid using 'et al.' in the references unless more than 5 authors. On that case add 5 authors then et al. See similar exact instructions. Make sure that you manually edit references [if you use BibTex] for any wrong formatting. No need to add DOI.

- Do NOT add extra authors in your paper. Add exactly what are added in the CMT during the first submission.

- PDF Checker to check the final PDF before submission.

- If a paper has high similarity or plagiarism – it may be removed from the conference even after the presentation. IEEE is very strict on plagiarism.
